#### ACCEPTS RITTMANN PROCESS.

In a letter urning the Senate to not promptly the Secretary of the Interior pointed out that at present crude oils profiled in the United States have a normal gasoline content of from 5 to 5 per cent, with the refining processes now Members of the committee yesterday stated that if natronage warrants, a secin use. Under the Rittman processes, which the Secretary of the Interior declares have been tested and proved by the government, the production of gasoline from crude oil oan be increased 465.

There will be rain Piessay from the New England of Middle Atlantic Statics suthestward through the Unix Ohio Valles and the East Gulf States, blowed by generally fair, weather Wednesday. In a South Atlantic States and the Unixer Lake remains the weather will be partly cloudy Tuesday and Colorada.

### NOT A BITE OF BREAKFAST UNTIL YOU DRINK WATER

Says a Glass of Hot Water and Phosphate Prevents Illness and Keeps Us Fit.

Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken day after day leaves in the allimentary canal a certain amount of indigestible material, which amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the howels. From this mass of left-over waste, toxins and ptomaine-like poisons are formed and sucked into the blood. Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire ailmentary canal clean, pure and fresh. Those who are subject to sick headache, colds, billiousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store and begin practicing internal sanitation. This will cost very little, but is sufficient

This will cost very little, but is sufficient to make any one an enthusiast on the Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poer health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and fresh-ens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.—Adv.

## **ENDS TOMORROW NGIHT**

Herald Contest Draws to Close-Competitors Urged to Hurry Subscriptions to Office.

Down the home stretch in eager anticipation hundreds of diamond puzzle olvers are hurrying in with their results in order that they may be in line to win the liberal cash prizes offered by The Herald to those who submit the best solutions. There is one good thing about this

There is one good thing about this last lap, however, which none should overlook, and that is one can win by entering the race now just as readily as if he had been among the first to solve the entertaining problem. Of course, by using the word "solving," the puzzle manager does not mean to convey the idea that those who have registered their findings have actually solved the mystery. He merely means that those who have submitted their work have turned in the best solutions they could arrive at. Many have turned in two, three, or four solutions, indicating that one cannot always be indicating that one cannot always b sure, even when he thinks he is right. Some who have turned in solutions without meeting the condition that all solutions must be accompanied by a cash subscription may be disappointed

### **NUXATED IRON**

ben the result is officially announced if they do not take advantage of the two remaining days to enter their superriptions. As the value of the

The diamond puzzle will appear to- not forget there is still plenty of time cash awards.

prizes is regulated by the amount paid on subscription when solutions are solutions must be either delivered in submitted it is necessary that something be paid with each solution. If already paid in advance your subscription will be still further extended, so you can't lose, even though you fail to win a prize.

The diamond puzzle will appear for the last time. All to win up to \$500 with a few hours' work, and there are still a great many hours before midnight tomorrow. Perhaps you could use this money on your solution, and want to verify it, you can secure books of extra charts for 15 cents each at the office of The Herald. In any event, do not make some use of these liberal cash awards.
